**GruppoNueva™**

**Our Life is made of Spaces,**

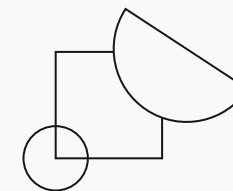

Unique details that talk about us. Materials to touch, see & live  
Everyday. Our Spaces Tell Our Stories, Keep our Dreams and  
Accompany our Projects. They make us Feel Free to Imagine and  
Express our Emotion. The spaces in which we live tell us who we  
are, they remind us of what makes us feel good and what really  
matters to us. Therefore

**Every Detail Counts.**

GruppoNueva offers the most Aesthetic Designs and Functional Sizes & Surfaces with Superior Technical Characteristics. Our Core Premise is to obtain increasingly larger formats with variety of thickness and finishes, in order to let them be used in all kind of Projects.

Comfortable to the most extreme factors and conditions, GruppoNueva Sintered Surfaces combine the elegance of the most exclusive designs with the most advanced technical features, offering a personalised service for the most demanding residential and commercial projects.

## TECHNICAL FEATURES

### ZERO POROSITY

Waterproof And Resistant To Stains, With No Absorption Of Any Liquid Or Stain Due To Zero Porosity

### SCRATCH RESISTANT

Harder Surface Compared With Marbles, And Multiple Surface Options Gives Scratch Resistance Property Suitable To Application

### RESISTANT TO HIGH TEMPERATURES

Processed At 1210 Degree Celsius, So It Neither Burns When Comes In Contacts With Fire Nor Emit Smoke Or Toxic Substance When Subject To Daily Use

### EASY TO CLEAN

Zero Porosity And Functional Surfaces Make Them Very Easy To Clean And Hygienic

### FOOD GRADE SAFE

All The Products Which Are In Italian, Feel, Sparkle & Antiskid Are Food Grade Safe Surfaces And Can Be Used Where There Is Direct Touch Of Food And Slab.

### ULTRA-HYGENIC

The Natural Clay And Chemical Free Raw Materials Make It 100% Hygienic And Safe For All Types Of Places. It Is The Easiest Material To Keep And Maintain Clean With Any Available Household Cleaning Product.

### EASY TO HANDLE

Due To The Higher Strength Of The Material Compared To Any Natural Stone, It Is Very Easy To Handle And Install.

### UV RESISTANT

Being 100% Natural, The Colors Remains As It Is For Decades Even In Direct Sun Light Or Any Weather Condition.

### RESISTANT TO BENDING

High Modulus Of Rupture Makes It Very Hard To Break Against Heavy Load & High Pressure Impact Loads.

### PRECISE SIZE WITH PERFECT PACKING

The Slabs Are Cut In The Precise Dimensions With Straight Edges. All The Slabs Are Packed With High Quality Premium Boxes.

## SIZE, APPLICATIONS & THICKNESSES

These GruppoNueva Slabs are Waterproof, Stain Resistant and Easy to Maintain Material; this allows for it to be used as flooring, wall cladding, interior decoration and exterior coverings in all types of Commercial, Residential and Public Spaces.

1200 x 1800 mm  
48" x 70"

Interior Flooring	09/15 mm	09/15 mm	09/15 mm	09/15 mm

## GRUPPONUEVA THANKS YOU FOR YOUR TRUST IN US.

GruppoNueva launched its first Sintered Stone in 2018 in a Gloss Finish. Strong and constant R+D efforts led it to presenting Four additional finishes in 2020 and One in 2024 - Italian, Feel, Sparkle, High Gloss & Anti.Skid - with which it has enriched the variety of products, in line with the market trends and needs.

The differences between the finishes can be seen in the textures and reflections on the surface. The Gloss Finish is completely Gloss whereas the Italian finish is silkier to touch and features a faint shine. The Feel finish features a scratch-proof surface with very little shine and is more smooth to touch. The Sparkle finish is the Sparkling added in the Selected Figures of Marbles on top of the Feel Surface. Finally, the High Gloss finish stands out because of its high degree of shine and perfectly linear reflection which accurately replicates the finish expected of the most exquisite natural stones and exclusive marble to provide depth, realism and sophistication to the designs for which it is used. Anti.skid is the latest Technology developed by GruppoNueva which is perfect for the outdoor applications.

With all of the finishes, we offer our customers (who are our most valuable asset) a high quality product manufactured under environmentally friendly conditions and using manufacturing techniques that foster the reliability and prestige of counter tops made with GruppoNueva. And we make our personalised service channel available to them through email so they may tell us of their needs and suggestions to help us with our commitment to ongoing improvement.

The security offered by our quality management and excellent production processes allows us to guarantee the quality of the GruppoNueva surfaces.

## MULTIPLE SURFACE FINISHES

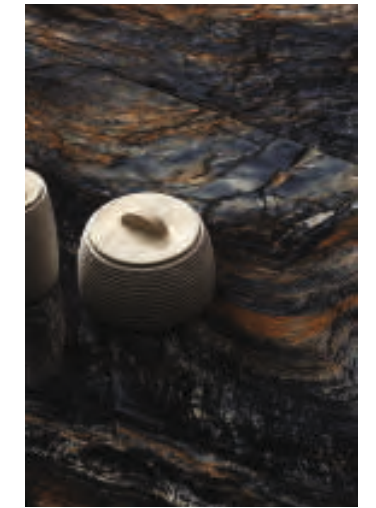

The Surface finish of a tile is the feeling that rounds off the idea, hence its special relevance. Depending on it, we can choose contrast or material continuity, adapting formats and finishes to the needs.
