Our Story

Strong values for
A forward-thinking company.

Establishing robust values for a forward-thinking company, our journey traces back to 1997, commencing in the quaint town of Morbi. Pioneering the introduction of automated Italian technology in India, we emerged as one of the initial manufacturers to do so. Our humble beginnings revolved around the production of Ceramic Floor Tiles, and through unwavering dedication, passion, and a commitment to strong values, we gradually ascended to become a reliable partner worldwide.

Guided by our visionary founders, the third generation of our group has ushered in GruppoNueva, a brand synonymous with New Thinking. This mind set is intricately woven with an understanding of our client's needs, enabling us to serve them with excellence. Nueva specializes in creating surfaces inspired by the beauty of nature.
